## Notice of Impending Settlement Negotiations

Case 18-T-0202 – Application of Eight Point Wind, LLC for a Certificate of Environmental Compatibility and Public Need Pursuant to Article VII to Construct and Operate a 16.5 Mile 115 kV Transmission Line.

This Notice of Impending Settlement Negotiations is being served pursuant to 16 NYCRR Part 3.9 (a), for the captioned Article VII proceeding. The issues to be negotiated are typical of an Article VII proceeding involving the environmental resources to be impacted by the proposed transmission line and methods to avoid or mitigate impacts to the maximum extent practicable. The discussions, including documents, are confidential and subject to the New York State Public Service Commission's Confidentiality Regulations at 16 NYCRR Part 3.9(d). The undersigned certifies that all appropriate persons and parties are being or will be notified of the pendency of negotiations in a manner so as to permit a reasonable time for preparation. Please email [sml@readlaniado.com](mailto:sml@readlaniado.com) if you would like to participate in the upcoming settlement negotiation. You may also mail Mr. Laniado of your intent to participate at the address on this Notice. Your silence will mean that you do not desire to participate in the negotiations. If you do intend to participate, we will send you the applicable draft documents to be discussed at the first settlement negotiation session to be scheduled in Albany, New York. No meetings have been scheduled as of yet but you will receive timely notice thereof should you seek to participate. Thank you.
